

connected to the second lever between the first and second ends thereof;  
wherein the first lever is constructed and arranged for limited  
reciprocating rotation of the second end about the first pivot - -.

In claim 19, on page 10, line 6, replace "A bicycle according to" with - - The  
bicycle set forth in - -.

**REMARKS**

The specification has been amended to include section headings at appropriate  
locations and otherwise according to U.S. practice. Claims 1-19, as filed in the  
corresponding International Patent Application, have also been amended to comport with  
U.S. practice and, in so doing, to better define the invention without limiting effect.

Respectfully submitted,

Dated: January 16, 2002
